

Wraps with Souvlaki & Gyros

Price: £12.00

Greek street food with Gyros and Souvlaki:

Plenty of options to choose from including nut free, vegetarian, vegan and gluten free options (coeliacs might be served a separate menu option to avoid cross contamination and trace amounts – we will need to know how many coeliacs will be attending in advance to prepare accordingly). Our most popular options are chicken skewers for meat eaters and Halloumi cheese for vegetarians. We also offer vegan options, such as Falafel. Everything is freshly cooked on site and served to your guests.

We offer both wraps and box meals, which are deconstructed versions of our wraps. For the fastest service, we recommend serving only our box meals, as they are significantly quicker to prepare—ensuring a smooth and speedy experience for your guests - but also a slightly bigger portion in comparison to wraps. However, if you'd like to offer both options, we're happy to accommodate!

Each hot food portion comes with:

- choice of dip (Tzatziki, VG Mayo, Sweet chilli, Ketchup – all provided)

- choice of protein from the preselected options (please select up to 2 meat options, 1 vegetarian and 1 vegan option for your event: chicken skewers, pork skewers, pork gyros, minted lamb skewers, honey & thyme sausages, Halloumi cheese, VG Halloumi cheese, VG falafel)

- salad (lettuce, tomatoes, cucumber and onion)

- served with chips and pita bread
